ANATOMICALLY CORRECT PERFECT FIT

These performance socks were engineered by a podiatrist who understands exactly what feet go through. They feature target padding and friction-reducing fibers that work together to minimize hot spots and deliver real blister protection. Airflow technology and advanced mois-ture-wicking yarns keep you cooler and drier. Seamless toes eliminate chafing. Compression bands support the arch for better stability and reduced fatigue. Anatomically correct left/right fit ensures your foot is cradled just right. It's not just a sock – it's foot wellness engineered into every step. 52% Nylon, 45% Coolmax, 3% Spandex.
